

## Christian Science Society Breaks Ground for Church

Ground breaking and site leveling for their new \$36,000 church was started this week by the Christian Science Society of Orinda. The building will be on a two acre site directly south of the Orinda Union Grammar School, on the Orinda Highway, approximately midway between Orinda Village and the Crossroads.

The Society's plans call for completion of the project in about four months. The new 60 by 55 foot building, which will include a hall with a seating capacity of about 200, will end the occupancy of rented quarters in the Orinda Village where they have met for the past 18 years.

The original site planned for the development of their permanent structure now is occupied by the new wing of the grammar school. With the continual growth of Orinda and a corresponding requirement for a larger school, arrangements were made some years ago for the Christian Science Society to exchange its property for the adjoining acreage where construction now is in progress.

### RURAL SETTING

The site, comprising an acre of highway frontage, offers a rural setting of rolling hills, sunshine and plenty of parking area. In keeping with the country atmosphere, the building will be rustic in design, using shake roof and natural woods for exterior and interior finishes.

A unique feature of the plan is its expandability to care for increasing attendance. The two side walls of the auditorium will be of large glass doors which can be opened to include adjoining patios each of which will be flanked by a tall redwood wall-like fence and poplar trees, thereby providing extra temporary seating area as well as privacy.

### BUILD-ON IN FUTURE

These can easily be made into a permanent part of the edifice, as provisions have been made to merely extend the roof and push the row of glass doors to the outer edges, according to church officials.

The adjoining building to the right of the sketch will be added at a later date, and will house the Sunday School and Reading Room, both of which will occupy the main building for the present.

Architect for the new structure is Henry H. Guterson of San Francisco and Berkeley, and the contractor is the Pearson Construction Company of Oakland.

## Firemen Finish Training Course

Certificates will be awarded eligible Orinda firemen, both regular department members and volunteers, who passed recent examinations upon completion of a State training course. Held weekly over a six week's period, the course just concluded training in first aid, resuscitation and inhalator operation. Carl Kissell of the State Department of Education was instructor at the sessions.

Those who will receive certificates are Chief Everett Wyatt, Al Windsor, Malcolm Loveland, Bill Koch, Jim Dutrow, Richard Richardson, Bob Denney, Zack Montgomery, Howard Atkinson, Dick Boucher, Manuel Guido and L. Alendorf. Ed Bruno, Kenneth Gibson, Clyde Ritchie and John Reuter from the East Bay Municipal Utility District fire fighting crews also passed the examination and will receive certificates.

## Note to Rounder From Encinas de Moraga Assoc.

"THE ROUNDER"  
Orinda Sun  
Orinda, California

Replying to that comment appearing in the Orinda Sun July 29th, the residents of Encinas de Moraga through their Homes Association welcome the opportunity to admit that we are and shall continue to be "particular" when it comes to protecting the interests of our home and lot owners. A reasonable standard for quality construction has been welcomed, in fact desired by all who have built here.

We believe good design means fitting the house to the lot, not trying to force a lot to fit an arbitrary plan especially on a steep side hill. We believe one's home should reflect that individual's wishes and desires based of course on the common sense fundamentals of good planning and quality construction.

Because we are "particular" about enforcing our tract restrictions, values have been maintained in this Encinas de Moraga tract.

CONSTRUCTION ON THE NEW CHRISTIAN SCIENCE SOCIETY CHURCH in Orinda began this week. Here are the attractive structures, showing the ultimate plan. Building on the right (above) will be added later. The Church serves Lafayette and Orinda.

## Sewer District To Supervise Septic Tanks

Control of the installation of septic tanks in undeveloped areas where sewer installations are not contemplated at present was assumed by Central Contra Costa Sanitary District headquarters this week.

Up to this time, control of septic tank permits and installation had been a function of the County Health Department. The district concerned under the new set-up includes Orinda, Lafayette, Moraga, Walnut Creek, Pleasant Hills, Pacheco and some adjoining areas.

It will now be necessary for contractors or residents planning septic tank installations to submit plot plans and applications at the Sanitary District offices on Mt. Diablo Boulevard in Walnut Creek.

## County Lists Building Permits

A number of building permits were issued for the week ending July 29.

### RETAINING WALL

Fred Mossowir will build a retaining wall at his property on Lower Happy Valley Road, north of the State Highway and G. Gordon will also add one to his property on Mt. Diablo Boulevard near Lafayette Boulevard.

### RESIDENCE

Dr. W. E. Ward has permission to build a residence and carport on Lots 14 and 15, Oak Flat Road near Charles Hill Road, Leslie Dawe plans to have a residence and garage at California Avenue, Orinda Oaks and G. J. Burns will build a new home on his lot on Irvine Drive near Glorietta as their contribution in the Orinda building program.

Moraga Meadows will gain a new residence with carport with permission to build granted R. E. Connor. T. M. Harrar was given an o.k. on addition of a rumpus room to his property on Sally Ann Road near Glorietta Boulevard, Moraga.

## Rev. Malone Plans Sermon

Rev. Harold Malone of the Pacific School of Religion will fill the pulpit of the Orinda Community Church on Sunday morning at 9:30.

Mrs. Stanley Hudd will play the cello solo "Arioso" by Bach. Mrs. Charles Baker, the organist, will accompany her. Sunday School classes are from 9:30 to 10:30.

## Plan Episcopal Church Services

Episcopal service in the Orinda Community Church will not be held in August, but services will be resumed at eight o'clock in the morning beginning September 4 and continuing on the first Sunday of every month.

## Work Continues on Sewer Projects

Most of El Toyonal and Canyon Drive have been completed in the sewer installation job in the district which is now estimated at about 60 per cent completed.

Excavation for the pumping station which will be adjacent to the East Bay Municipal Utility District filter plant on San Pablo Dam Highway was started on Monday. Fairly good progress has been reported in the laying of pipe along the highway beyond the filter plant and west of that point.

The unexpected rainstorm Saturday night caused an unscheduled rush of activity when men were called out at 10 p.m. to scrape the streets clear of dirt that was quickly changing to mud, so Orinda residents could have clear access to their homes. Joe McClary bladed off the streets with his equipment when called on for assistance in relieving the situation.

## Girl Scouts Unification Plan For Area Studied

A joint fact-finding committee of Central Contra Costa and Diablo Valley Area Girl Scout Councils met in Walnut Creek August 1 to hear reports by the general chairmen of Troop organizing and Leader training committees on a proposed unification plan which in combining the two Councils would affect Brownie, Intermediate and Senior scouting programs in 12 communities in Contra Costa County.

Attending were Mrs. H. T. Nies, committee chairman, Mrs. Karl Pape and Donald Fibush of Lafayette; Mrs. Clyde Bumgarner and Mrs. Robert Galbraith of Orinda.

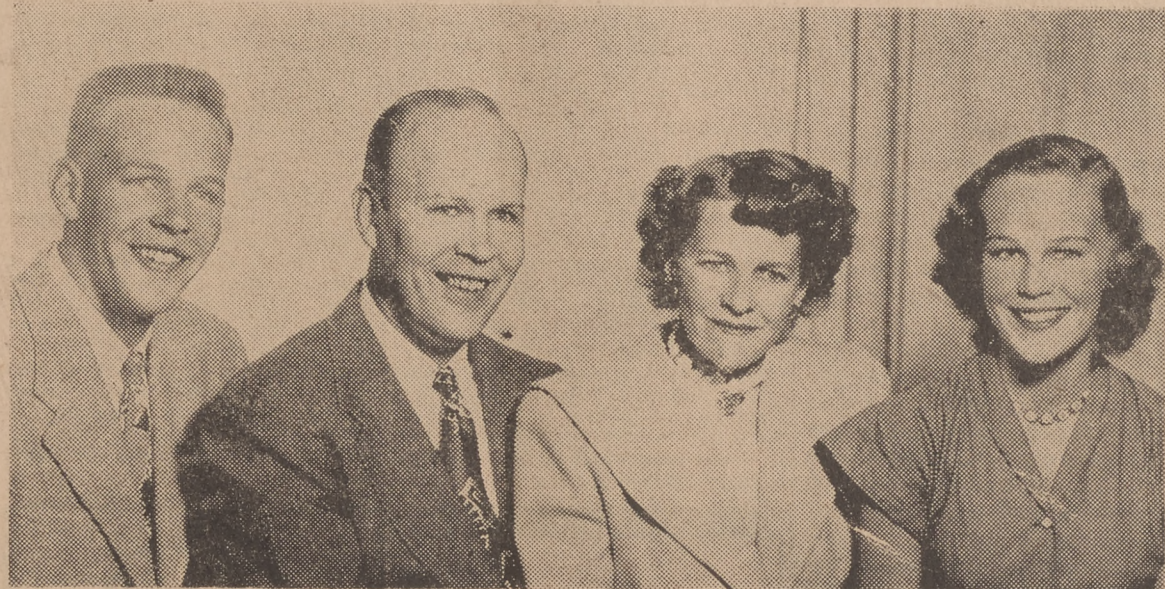

## New Improvers Club in Orinda

Organizational plans for formation of a new improvement association to represent residents and promote friendship and neighborly understanding were discussed at a meeting held at the Glorietta Boulevard home of Mr. and Mrs. Abe Doty last Friday evening.

The area to be included in the Association takes in the following subdivisions: all of Moraga Meadows Units 1, 2, 3, 4 and 5; Moraga Gardens Units 1 and 2; Moraga Highlands and Tara Brook, and is bounded by Martha Road on the South, Mt. Diablo base line on the North, E.B.M.U.D. property on the East and Moraga Estates on the West.

There are approximately 70 homes in the area involved, and all residents of this district have been invited to attend future meetings.

## Family Portrait

THIS WEEK'S FAMILY PORTRAIT presents the Karl Fitches — Keith, Mr. and Mrs. Fitch and Sherrill Lee.  
(Sun Portrait by Victorina Willson).

By VICTORINA WILLSON

Meet the Karl E. Fitch family who at last can very happily say "We are from Orinda." For as they put it, "After 18 years in the East we have come home." But first for a better introduction, Mr. and Mrs. Karl E. Fitch, Sherrill Lee and Keith.

Eighteen years ago they moved to New Jersey where Mr. Fitch was associated with the Bell Telephone Laboratories. During their stay, they always remembered this area and dreamed of how nice it would be to live here. They said that although the children were born and lived in the East they were actually raised to be Californians.

Local papers and friends kept them informed of the growth of both Lafayette and Orinda. One day they saw an advertisement saying the Orinda Electric Shop was for sale. So following their hearts, Mr. Fitch gave up his po-

sition in the Bell Lab and they "came home" to start a new venture with the purchase of the Orinda Electric Shop.

IT IS INTERESTING TO NOTE that while associated with the Bell Laboratories Mr. Fitch became the holder of 10 patents in the field of communications. Two of these were not only of major importance to the armed forces but are still so advanced that they are classified on the restricted list. And, from our conversation I understand that soon a new patent will be added to the impressive list — this one in the field of television.

Mr. Fitch is a charter member of the Orinda Rotary Club. Sherrill just graduated from Acalanes and is going to enter the University of California this Fall. At present she plans to be a teacher.

HOBBIES: Mr. Fitch has always been a radio enthusiast and now, of course, television has been added. We wouldn't wonder if he didn't select his work as a won-

derful extension to his hobby. Music, writing poetry and composing have been Mrs. Fitch's favorite diversions. Sherrill follows her mother in her love of music, with her talents directed to the piano. Keith excelled in track during his high school career and aside from sports in general he likes to sketch and (girls please note) is an excellent dancer.

ASKED WHY THEY LIKED ORINDA so much better than the East, Mrs. Fitch said that although Summit, New Jersey, was a suburban area very similar in idea to Orinda, there was really no comparison in their mind. The people here are so original or non-conformists — each and every one enjoys himself as he pleases, whereas in the East everyone seems to conform more as a group. In other words, here the individual seems to be important and there isn't the constant pressure to conform to the group. The family lived in Sunset Village in Lafayette for a year.

## Only One Resident Attends School Budget Hearing

The 1949-50 estimated budget of \$219,000 for Orinda School District was approved by the board of trustees at a public hearing held at Orinda School Monday evening.

Outside of board members, the only Orinda resident to attend was Leon Woolsey, representative of the school tax committee of the Orinda Taxpayers' Association.

The new budget exceeds the 1948-49 expenditures of \$171,550.59 by \$47,480.

### BOARD TO MEET

The board will meet again this evening for the opening of bids and awarding of contract for the grading and paving of playground areas at Glorietta School. This will include paving in front of each unit for outdoor classrooms, in front of the kindergarten area to within several feet of the walls where a strip will be reserved for shrubs and flowers, the library court which will provide an outdoor "reading room" for the students and a play area on the north side of the school.

A second bid, advertised in a legal notice in this issue of the SUN, will be called for August 22 when a contract will be let for grading, cutting, filling and culvert work on Glorietta School grounds between the school, Glorietta Boulevard and Martha Road.

### SENDS OUT CARDS

Joseph Sheaff, superintendent of Orinda Schools, reports that 334 of the 1271 cards sent out recently on a school conducted survey have been returned to his office. The mail survey is being conducted in order to check on the number of residents in Orinda and to get an idea of the number of pre-school children in Orinda in order to compile data for future educational facilities. Sheaff urges that residents fill out the cards and return them, whether there are school children in the family or not.

A new teacher, Mrs. Pauline Blessing, former Oakland instructor, will join the faculty of Orinda Grammar School next term. She will teach the third grade. The resignation of R. K. French as eighth grade teacher was accepted as he has taken a position as a deputy sheriff in the county.

### PARENTS NOTIFIED

Sheaff has announced that parents will be notified shortly concerning the school their children will attend with start of the Fall term and school bus schedules will be finally arranged and made public.

The board has given permission to the Dramateurs for the use of the school building for rehearsals during the year, and has also given the Orinda Lions permission to hold a special event there in December.

## Man Hunt On In Danville Area

An intensive manhunt in the Danville area is being conducted by the Contra Costa Sheriff's department in the five-day search for James William Kizer who escaped from the branch of the Alameda county jail last Monday.

Kizer, who has a long list of aliases and an equally long criminal record, is described as 26 years old, five feet nine inches tall, 145 pounds, light brown hair and blue eyes. Only identifying marks reported in the all points bulletin are small boxing scars on both sides of his chin. He was wearing regulation prison clothes when he escaped.

Residents of the area are asked to be on the look-out for this man and report any information to the Sheriff's office, Martinez 1690.

## Budget Set Up; Hearing Date Set

County supervisors approved Contra Costa County's tentative budget and a public hearing on the budget will be held at 10 a.m. August 19.

(See page 2 for budget and tax rate stories.)

The letter from Lafayette Chamber of Commerce protesting erection of billboards on Diablo Boulevard has been referred by the Board of Supervisors to the Planning Commission for study and any recommendations.

## Seafarers Give Barbecue Party

The Seafarers had a delightful barbecue and pot-luck dinner at the Ralph Sisson home Friday evening. Twenty-eight members and friends gathered at the tables set before the outdoor fireplace under the oak trees. Ralph Sisson expertly grilled the hamburgers.

At the business meeting following the dinner, skipper Walter Nicklas led a discussion of a proposed establishing of a police district for Orinda and Lafayette. It was the consensus that it would be up to the Orinda Association to push such a plan.

## Adoption Agency Plans Benefit

"Heart's Desire" will be the theme of the first benefit party of Heidi chapter, Children's Home Society, new group formed in the Lafayette area in support of the home on Outlook Avenue, Oakland.

The affair, a luncheon and afternoon of cards, is dated for September 28 at Diablo Country Club.

Organized early this year under guidance of Mrs. William Shepard of Lafayette, president, Heidi is the seventh chapter to be formed in Northern California for the Children's Home Society, oldest private adoption agency in the state.

Mrs. E. Wiley House of Walnut Creek will be general chairman of the benefit, assisted by Mrs. George Jensen and Mrs. Edwin C. Murray of Lafayette.

Mrs. Bertrand Leonard and Mrs. Gilbert Mixers, also of Lafayette, are in charge of tickets. Decorations will be handled by Mrs. Horae Gardner of Lafayette and Mrs. A. C. Phelps of Alamo.

## VACATION IN MEXICO

Mr. and Mrs. Einer Hansen and daughters, Marilyn and Ellen, motored to Mexico for a portion of their vacation, and also spent some time at Pinecrest.

## LEISURELY TRIP

Mr. and Mrs. J. C. Burke are motoring leisurely through California by way of Lake Tahoe on their way via Reno to Portland and then on to Victoria, Vancouver, and adjoining points of interest.

# Here's the Story of the Miner Family . . .

By DORIS SAGE

Long, hot summer days, dusty country roads, harvest time and the smell of new mown hay, guests, picnics, horse back riding—

With the nostalgic sweetness of a beloved old-time tune, these threads the chronicle of early days of the Miner family at their Brookbank ranch, located where the Long home is now in Sleepy Hollow.

A scrapbook of family snapshots and the story dating back to 1879, when father Miner brought his wife and three young daughters to live in what is now known as Orinda, was loaned to the SUN for publication by Mrs. James Carl Roos of Hacienda Circle, Orinda Estates, who has been a friend of the Miner family for many years.

## THREE MINERS

The book of reminiscences was compiled by Miss Edith Miner whose home is now at Bolinas Bay (where she lives with an adopted daughter and son-in-law), Anita Miner Macy, who is a resident of Concord and the youngest of the three girls, and Gertrude Miner Cotton, the eldest sister.

The first page verse, initialed C.L.B., with a photograph of the early home, captioned Brookbank Reunion, April 1898, on the facing page, forms an introduction for the Miner Story.

"It's not so much about the house that anyone can see, it's not so much about the grounds that calls the bird and bee, it's just the folks that live within and flowers that bloom without

That call the bird and bee and friend—that's what we care about."

## HERE'S THE STORY

And the story, with Miss Edith Miner as narrator:

"Did the Miners ever live in Orinda? Yes, we did. In what is now known as Orinda.

"In 1879, father drove mother and three little girls out to the 612 acre ranch that was to be our home for 40 years or more. The house we moved into was built by Lauterwasser in 1852. It was a two-story affair, four bedrooms upstairs, four rooms down. They say the tall French windows across the front of the house were shipped around the Horn. Many of the house beams were hand-hewn. From the sawmill in Lafayette came other lumber. Redwood Canyon furnished the trees.

"There were busy years. Lot to do. Much hard work. Roads to be built, barns for the horses, barns for the hay, bridges, fences, and pastures to be fenced for the stock, mostly horses.

## RAISED HORSES

"Dad brought with him his lovely sorrel stallion, Don Victor, and continued to raise fancy riding and driving horses. Whenever the time came to sell a team, he hated to part with them, and the \$500 (in \$20 gold pieces) that he brought into the house never compensated for having to part with his darlings.

"Yes, the years marched on. The house was remodeled and added onto, ultimately a comfortable home. Running water from a nearby spring was piped to the house and barns.

"The Isabella grape Dad plant-

## THE GARDENS

ed grew to cover a large arbor by the side of the house. How we enjoyed those delicious grapes and the jams and jellies! A small family orchard out in front of the house did nicely for years and the garden, thru Mother's supervision, saw climbing roses about the house, a large syringa bush, a glory in the spring, also the row of lilac bushes and the many roses and annuals.

"There were 350 acres under cultivation and the hay crop in one

of the last years yielded just shore of a thousand tons.

## TO OAKLAND

"The hay was sold in Oakland and hauled there in six-horse team wagons. They left the ranch early in the morning and returned about four in the afternoon bringing their loads of seed for the next crop's planting."

Continuing this saga of pioneer days, next week's SUN will present Miss Miner's description of ranch life and the early school years of the growing girls.

## State Takes Over Old Age, Blind Care

The State will take over administration of the old age and blind assistance program from the county social service department about November 1 as provided under Proposition 4, according to William Golden, social service director for Contra Costa County. At this time the state will terminate its contract with the county for administration of the program and assume the responsibility of carrying it on.

County personnel is permitted transfer to the state in a similar category to that now held, under laws affecting placing of the program in state hands. State personnel experts will review needs for the program and determine which county department members may be transferred to the state staff.

The laws also provide that equipment purchased by the county from state funds used for administration of the old age and blind assistance program must be turned over to the state. Golden estimated that about \$9,000 worth of equipment has been purchased for this purpose since the state contract became effective January 1.

## Sewall Smith in Who's Who Book

BY JANE HIGH

Sewall Smith, Lafayette architect and designer of Sibert Court, a subdivision off Moraga Road, has been included in the 1949 edition of Who's Who on the Pacific Coast, a copy of which arrived at his office in the Garrett Building on his birthday, July 26.

Listed as an outstanding architect, artist, and author, Smith was forced to admit to your reporter that he has been active in all three fields of endeavor. He has written several technical booklets on architecture and articles for magazines, and has also one on travel entitled, "Sketch Pad and Toothbrush." The last concerns his travels through Europe and the Near East.

In addition to the many lovely paintings he has done which grace the walls of his own home on Sibert Court, Smith has had paintings hung in the Brooklyn Museum, the Pennsylvania Academy of Fine Arts, and a traveling exhibit sent out by the Roerich Museum of New York City.

Architectural work by Smith has been published in nearly every well-known architectural magazine in this country and abroad, and he has recently invented a One World game which is now being published.

### LEGAL NOTICE

**NOTICE TO CONTRACTORS**  
Notice is hereby given that the Board of Trustees of the Orinda Union School District, County of Contra Costa, State of California, calls for sealed proposals to be delivered to the Clerk of the Board at his office in the Orinda Grammar School located in Orinda, California, until six o'clock p.m., August 22, 1949, at which time and place said bids will be opened for the furnishing of all labor, materials, equipment, transportation, and services which are required for the construction and completion of the proposed grading, cutting, filling and culvert work for Glorietta Elementary School at Glorietta Blvd. and Martha Road in Orinda, Contra Costa County, California. Bids shall be presented in accordance with the plans and specifications for said work prepared by the office of Jack Buchter, Architect, 41 Moraga Highway, Orinda, California which are on file at the office of the Architect, located as above mentioned.

On deposit of twenty-five dollars (\$25.00) per set, said plans and specifications will be loaned to prospective bidders. All plans and specifications shall be returned in good order to the Architect's office within five days after date given herein above for the submitting of bids and when so returned the said deposit will be returned. If plans and specifications are not returned within the time specified, or if drawings or specifications are returned in mutilated or damaged condition, then the said deposit will be retained by the Architect to purchase and replace said damaged or mutilated documents.

Bids must be made on proposal forms obtained at the said office of said Architect, and must be signed by the bidder, and accompanied by a certified check in the amount of \$500.00 and made payable to Orinda Union School District, to be retained by said District as agreed as liquidated damages should the party or parties to whom the contract is awarded fail to enter into the contract after the award, or to give the bonds required.

Bidders are notified that, pursuant to Section 1773 of the Labor Code, the Board of Trustees has ascertained the prevailing rate of per diem wages and the rates for legal holidays and overtime work in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract which will be awarded to the successful bidder, and that said rates are as follows:

Classification	Scale Per Hour
Carpenters:	
Journeyman Carpenters	\$2.175
Engineers:	
Compressor	1.94
Concrete Mixers (up to one yard)	1.94
Power grader, power plan-	

er, motor patrol or any type of power blade	2.44

Rollers	2.29
Trenching Machine	2.34
Truck Crane	2.44

**Laborers:**  
General Laborers 1.55  
The per diem wage rate is the hourly rate hereinabove established multiplied by the number of hours constituting the work day for the particular craft or type of workman.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Labor and material bond in the amount of fifty per cent (50%) of contract, and performance bond in the amount of one hundred per cent (100%) of the contract are required. Bond forms will be furnished by the Architect.

Time of performance is thirty (30) calendar days from the execution of the agreement. The contractor shall be required to begin the work within ten days after the agreement with the successful bidder is executed.

The Board reserves the right to

reject any and all bids and to waive any irregularities in any bid received.

No bidder may withdraw his bid for a period of thirty (30) calendar days after the date set for opening of the bids without the consent of the Board of Trustees. Dated August 4, 1949.

## Conclusion and Summary of Function Of Central Contra Costa Sanitary Dist.

In concluding a series of articles published in the last four issues of the Sun, in which the function of the Central Contra Costa Sanitary District in regards to jurisdiction, methods of getting work done and procedure of determining assessments was explained, the following summary is presented.

### SUMMARY

The need for sanitary sewers to serve properties in this Sanitary District has been clearly demonstrated by the unsatisfactory functioning of individual home sewage disposal units. Your District Board is proceeding to have sewers installed in certain critical areas in the District for you, without awaiting the petition of the affected property owners for this service.

As shown herein, the Board is the legislative body taking jurisdiction to make it possible for you, the property owners, to have this work installed.

### HOW PAID FOR

The properties served pay for these sewers with the total costs in each Assessment District assessed against the total lots or parcels in such district.

Any modification in amount of assessment against any individual parcel must result in a counter modification of the assessment against other lands in the particular Assessment District. Thus, if the assessment on one parcel is reduced the amount of such reduction must be added to the assessments on other parcels in the Assessment District.

### RESTORING ROADS

The restoration of pavement damage directly caused by sewer

installation is a part of the cost of each project and this work must be done before each project is certified as complete. The Sanitary District does not have jurisdiction over roads and may not require the repaving of street areas, other than pavement cuts and direct damage during sewer construction, since the costs of such work may not be assessed by the District against the properties.

Laying of sewers in easements in private property is necessary to bring gravity service to many properties. The layout of roads in our District does not permit using them for all necessary sewer locations.

### EASEMENTS

No payment is being offered for easements because such payments are a part of project costs and a charge against the properties in the Assessment District. Thus, any payment that might be made to an individual would increase the costs for sewer to that individual and his neighbors.

The supervision of the construction work, the layout of the sewers and plans and the levying of the assessments to pay the costs are duties and responsibilities of the District Engineer. Your District Board is the body taking jurisdiction to make it possible for you, the property owners, to have the improvements made and the reviewing body which passes on the actions of the Engineer in the conduct of his duties.

## Many Volunteer Help for Therapy Center; Need Land

Two new area chairmen have been appointed for the Mt. Diablo Child Therapy Center, according to an announcement by Nan Wallace, president.

Taking over leadership in Morgan Territory is Mrs. Lucy Vierra, while Mrs. Arthur D. Stocklin will have charge in Pleasant Hills.

Mrs. Louis Fekete, chairman for Lafayette, recently attended the meeting of the Glenside Improvement Association to present information about the Child Therapy Center. The Association voted to make a twenty-five dollar contribution from its treasury.

Mrs. Wallace also announces the following new offer of help: Mrs. Margaret Drake, Concord, registered nurse 1/2 day a week; Del Stewart, Walnut Creek, one hospital bed suitable for home tending; Felicia Sadowski, Concord, and Mrs. Phelps Cady, Walnut Creek, typing; Logan Miller, Walnut Creek, carpentry and masonry; Guy Niles, Walnut Creek, pup for the pup sale; Forbrag Realtors, Walnut Creek, sponsor pup sale; Mrs. Arthur D. Stocklin, registered nurse 2 days a month.

The Center is still seeking a suitable donation of land for a site for the Mt. Diablo Child Therapy Center building, according to Mrs. Wallace. Any offer of land or of any kind of services or materials can be addressed to the Center at P.O. Box 168, Walnut Creek, or phoned in at the following numbers: Lafayette 4618, Walnut Creek 3104 or 3364, and Concord 6304.

## Finance Drive Officials Named

Appointed co-treasurers for the 1950 Diablo Area Scout Finance drive to be held October 1 - 8 are John W. Fry of Lafayette and John L. Stoffel of Orinda.

An annual combined activity, the Girl Scout-Boy Scout campaign for organization funds is actually the Community Chest drive in the communities of Alamo, Danville, Lafayette, Orinda, Walnut Creek and Ygnacio Valley.

### VISIT FRIENDS

Mrs. Bernard Ginsburg and son Terry visited friends in Boulder Creek for a week this summer.

## Here and There in Orinda

### VISIT FAMILY

Mrs. Woodburn Lamb, Peter and Freddie visited with members of the Lamb family for two weeks this summer, dividing their time between Santa Barbara, Lancaster and North Hollywood.

### VISIT FRIENDS

The Stanley Hudd family enjoyed Wednesday and Thursday last week as house guests of their former Orinda friends and neighbors, Mr. and Mrs. Louis Ambler and four children, Heather, Smedley, Babette, and Pamela. The Amblers left Orinda two years ago for San Diego. The family is now on a auto trip to Salt Lake, Canada, New York and Pennsylvania.

### AT TAHOE

Mr. and Mrs. Stanley Allen spent last week-end, from Thursday to Monday, at Lake Tahoe visiting friends.

### IN TEXAS

Mr. and Mrs. Wade Tomme left Monday to drive to Trinity, Texas, for a months vacation at Mr. Tomme's parents' home.

### EASTERBROOK BABY

Mr. and Mrs. Clinton Easterbrook were very happy July 10 on the arrival at Peralta Hospital of their seven pound one ounce baby girl whom they named Cidney Ann. Happy too were the grandparents, Mr. and Mrs. Brown who left Indiana recently and bought a home on Orchard Road.

### SELL HOME

The Don Keenes have sold their home on Brookwood Avenue, following Mr. Keene's transfer to Los Angeles. New owners are the Clyde Truelsens, from Oakland, and their two children.

## Fewer People In Rental Units

America's rental housing supply consisting of 16,500,000 units is structurally sounder, better equipped and is being occupied by fewer people than it was in 1940. This report came today from the Home Builders Council of California as an interim announcement of its study of rental housing conditions.

The report shows a 6 per cent decline in the number of persons occupying rental units and a 4 per cent increase in the number of rental units occupied by one or two persons.

### PETER'S 13TH BIRTHDAY

Peter Amdisen invited some of his friends to help him celebrate his thirteenth birthday last Saturday. They all enjoyed a delicious dinner and then went to the Orinda Theatre. His guests were Dick Doty, John Spiegl, Robin Muse and Alan Sutton.

### SHERRYL IS NINE

It was a television party for Sherryl Rasmussen's ninth birthday. Sherryl invited her friends for dinner and then they all sat around the television set fascinated by the various shows. Her guests were Susan Ray, Constance Millman, Judy Henderson, Susan Freedman, Christine Romine, Susan Walker, Nancy Veich and Mark Rasmussen.

### BIRTHDAY PARTY

Ted Brock, the son of Mr. and Mrs. William Brock of La Cuesta, had his sixth birthday last week. He entertained his guests with lunch at his home and later they enjoyed the merry-go-round and pony rides at Tilden Park. His guests were Lawrence Brookes, Charlie Brock, Gieg and Clinton DeWitt, Maureen Doughty, Jimmy Gilwee, and Stevie Miller.

### ARIZONA VACATION

Chip Doughty, the nine year old son of Mr. and Mrs. Calvin C. Doughty of LaCuesta, flew home last week from a vacation in Arizona. Chip flew to Tucson July 1 to visit family friends, Mr. and Mrs. J. W. Huggins. Mr. Huggins is a professor at the University of Arizona. While there Chip had a Palomino to ride, took ceramic lessons, went swimming and enjoyed many bird walks.

### HOWES CAMPING OUT

Dr. and Mrs. E. D. Howe and two children enjoyed three days visit at Skylake Camp for boys near Brockway, owned and managed by Dr. Howe's brother, J. W. Howe. They then camped 10 days on the Yuba River at Oregon Creek. The children had a grand time swimming while their parents just rested and rusticated.

### MEET STEPHEN HANFORD

Dr. and Mrs. William H. Hanford Jr. of 85 Van Ripper Lane welcomed a third addition to their family, 7 lb., 2 oz. Stephen Perry Hanford, at Alta Bates Hospital July 21. Allison and William Henry III were pleased when their new brother was brought home.

### PLAN TO MOVE

The Bill Hillmans are anxiously waiting to move to Monte Vista Road on August 15.

### AT PIERPONT INN

Mrs. Robert Anthonisen spent 10 days at Pierpont Inn in Ventura recently.

### TWO VACATIONS

The Seaver Ballards have enjoyed two trips this summer, one to Los Angeles and one to Carmel.

### CHRISTIAN SCIENCE CHURCH

"Spirit" is the subject of the Christian Science Lesson-Sermon for Sunday, August 7, with the Golden Text taken from Psalms: "O Lord, thou hast searched me, and known me... Whither shall I go from thy spirit? or whither shall I flee from thy presence?" (139:1, 7).

The sermon will be comprised of citations from the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy, among which are the following:

Luke: "And, behold, there was a certain man before him which had the dropsy. And Jesus answering spake unto the lawyers and Pharisees, saying, Is it lawful to heal on the sabbath day? And they held their peace. And he took him, and healed him, and let him go" (14:2-4).

Science and Health: "Consciousness constructs a better body when faith in matter has been conquered. Correct material belief by spiritual understanding, and Spirit will form you anew" (p. 425).

### AT LAKE ARROWHEAD

Mrs. David Puddy and son David have returned from a three weeks vacation at Lake Arrowhead, following a trip to Pasadena.

I'm Frank...

THAT'S RIGHT — Mrs. Olsen's bald-headed son, Frank the merchant, bringing you a little bit of this and a little bit of that. What else could you expect from Orinda's biggest hardware dealer... poetry?

SAY — SPEAKING of poetry reminds me of birthdays, anniversaries and stuff, which reminds me of our brand new service to Orinda Hardware customers. We have just started a FREE DELIVERY SERVICE — not a common old delivery service that just brings merchandise to your door, but a tailor-made service designed to your specific need.

Yes indeed — we now feature singing deliveries. You have your choice between a tall, blonde, handsome tenor, or a stocky, handsome, brunette bass (or is it base?).

Incidentally, we prefer that you don't request deliveries to be made in anything but the company truck. The F.H.A. won't allow us to use Bob's green Cadillac convertible for business.

Of course, if you'd like your deliveries made by a rather cherubic looking gentleman with a high, intellectual forehead and a voice like a hog-caller — I'm Frank. That's it, though, folks, free deliveries and the vocal work is optional.

YOU KNOW John Denman up on Southwood Drive? He has just put in a sprinkling system that is a honey. It has an automatic deal on it that turns the water on and off at a predetermined hour. No stoop, no squat, no worry on vacation — and the fittings were all bought right here in the Orinda Hardware.

This has sure been a year for sprinkling systems. I'll bet there have been 25 or 30 — and most of them have been neighborhood projects, too, with the threading and cutting done right in our basement.

THIS IS THE TIME of year when you start thinking about hunting, so come on down and let us equip your safari. Remember, we're just a hop, skip and an allemand right from the Crossroads. That's so you don't have to hunt us, but a license is mighty important if you want to hunt anything else.

We have both hunting and fishing licenses, but you'll have to check Martinez for those slips of paper that allow you to keep a dog or wife. If you want to go out and tag a deer — we have those, too. But, if you'd rather shoot one — come in and look at our fine stock of ammunition.

Don't send the youngster in unless he has your written okay. Never took much of a fancy to kids buying ammunition. Someday I'll tell you about cousin Sven Olsen. He's my one-eyed cousin. Sure pays to be careful with firearms, doesn't it?

ALMOST FORGOT to tell you about the "49er". You remember Fred Goodwin — used to live here in Orinda. Well, Fred has a plant in town now where he manufactures things and his latest product is a dandy.

It's the "49er" I just mentioned. Kind of a combination grub hoe and matto. It is light, easy to handle and has a tempered blade. Doc Murphy came in and got one to aid him in putting in his sprinkler system. Just the ticket, too.

Always good to see a local boy make good — good garden tools, that is. Bet you'd like the "49-er" the minute you see it. It's only \$1.95.

AS WE GO along I'd like to tell you about Uncle Olaf Olsen, who is teaching me to fish, give you reports from Olsen's Scenic Travel Bureau and occasionally mention some of the wonderful items we have here in the Orinda Hardware store especially for you. Remember, if we don't have it — you can bet it's doggone hard to get.

See you next week, and don't forget to come in and look around, visit Olsen's Bamboo Rendezvous (women and children only) and ask any questions that might help to solve your household or garden problems. You'll get an honest answer because,

...I'm Frank

## Deer Hunters Get Warnings

On the eve of California's first 1949 deer season opening, 1/2 hour before sunrise Sunday, August 7, the Division of Fish and Game has some good advice to impart to half a million hunters.

It comes from Joseph S. Hunter, chief of the Bureau of Game Conservation. In his 42 years of State Fish and Game service, Hunter has seen many deaths and injuries caused by carelessness with firearms in the field.

Although California led the Nation in the number of hunter deaths and accidents during the last two years, the veteran conservationist believes that 90 percent of such mishaps are preventable. He blamed "sheer stupidity and rank carelessness" for most of the 89 hunting accidents of 1948.

The "10 Commandments of Safety" should be known and practiced by every hunter, Hunter believes, if the tragic death toll afield is to be checked. They are:

Treat every gun with the respect due a loaded gun. Carry only empty guns, taken down or with the action open, into your auto-

mobile, camp, or home. Always be sure that the barrel and action are clear of obstructions. Always carry your gun so that you can control the direction of the muzzle, even if you stumble. Be sure of your target before you shoot. Never point a gun at anything you do not want to shoot. Never leave your gun unattended unless you unload it first. Never climb a tree or fence with a loaded gun. Never shoot at a flat, hard surface or the surface of water. Do not mix gunpowder and alcohol.

And to the list of 10 do's and don'ts, Hunter adds two of his own: Never snap triggers unless certain the gun is unloaded; and never lean a gun where it can be knocked down.

## Committee Warns Against Fires

Signs warning of critical fire areas along main roads are being installed by the East Bay Hills Fire Protection Committee in an active campaign to prevent fires in Contra Costa and Alameda counties.

Committee officials, pointing out that this summer is particularly hazardous because of the unusually dry winter, urge compliance with fire laws to help prevent a conflagration similar to the one which swept the Berkeley hills in 1923.

The East Bay Fire Protection Committee was organized two years ago to coordinate the fire fighting efforts of all fire departments whose territory is in or near the hill area. Members are fire prevention authorities from both counties and men from public utilities companies.

The officers of the committee are: Professor Woodbridge Metcalf of Berkeley, president; J. D. DeCosta, East Bay Municipal Utility District, vice president; Karl Goepfert, Lafayette, fire prevention chairman of the Eastbay Chapter National Safety Council, secretary-treasurer.

## FROM THE SIDELINES

—By Coach Erwin Mattson—

We note where county football gets under way in game style this month with Concord, Martinez, Crockett, Pittsburg and Antioch as members of a league which has set up elaborate plans for the year.

An All-Star game is planned at the end of the season with the Eastern and Western county divisions playing one another.

A number of local boys are planning on representing the Concord Athletic Club with Bill Duncan, Bud Hooper and Bill Rupp among the squad candidates taking part in early workouts. All three stand a better than even chance on making the first eleven.

## BUD HOOPER

Bud Hooper rates as one of the county's better all around athletes as does Bill Rupp.

Bud could have easily won the outstanding player award at the Martinez Basketball Tournament. Why either he or Don Kramm didn't, still remains a mystery to many.

In baseball he was headed for the big time when an unfortunate automobile accident upset the plans. In football he has a top reputation and will no doubt be a standout.

## BILL RUPP

Bill Rupp remains one of the fastest runners in the county and held the fifty yard dash title while at school. At the present, he plays outfield for Tiny's Hut in the Walnut Creek league and is a potent factor in winning games with his nimble feet and able bat.

He was a gridiron standout and also took part on the championship county five playing with the club along with Bud Hooper.

Bill Duncan is also taking part in the Walnut Creek softball league as an outstanding outfielder with Tiny's Hut, league leaders.

**COUNTY LEAGUE PROBLEMS**  
The problems of the county football league are many with player insurance a big item. The high schools have an insurance federation which can give low rates due to the fact that it is a non-profit organization with a relatively large membership. County teams must deal with private companies and consequently the rates of necessity must run much higher.

Another difficulty lies in getting the players in top shape. All of them are working for a living and practice time is difficult to find. Another factor is the practice fields — in most cases it is the local high school facilities and results in a denuded grass area when both the town and high school

elvens take their workouts and games on the same gridiron.

Interest in the league is high however and the early season turnout is good with most clubs having thirty to forty-five on their roster. A goodly number will drop by the wayside as the work of football gets under way.

## LAFAYETTE WINS

The Lafayette Junior Legion baseball team copped the honors last Saturday when they upset the El Cerrito nine 16-5.

The game was 5 all at the end of the ninth and the tenth found all hands taking a turn at the plate as eleven runs surged across the plate on the basis of hits and walks on the part of Lafayette with the El Cerrito lads aiding the cause with costly errors. Highlight of the hitting was a line drive by George Cockerton that went for four with the bags loaded.

Another of the game's highlights was the debut of Bobby Borgheani on the mound. He did a three inning stint before brother Forrest took over the throwing duties.

Bob threw the first two innings right handed and then set the opposition down one, two, and three in the third while heaving from the port side.

## CIVIL SERVICE JOBS

U. S. Civil Service Commission today announced examinations for filling Industrial Specialist and Negotiator positions in various Federal agencies in Washington, D. C., and vicinity, and Vocational Rehabilitation Adviser and Adviser-Specialist positions in the Office of Vocational Rehabilitation, Federal Security Agency, in Washington and throughout the United States. An examination also was announced by the Board of U. S. Civil Service Examiners, Wright-Patterson Air Force Base, for filling Air Force Procurement Inspector positions in various places throughout the country.

## Question Denial To Buchanan Field

Contra Costa County Development Association will ask permission of the Board of Directors of the association to request additional information from Southwest Airways, Inc. regarding the recent denial by the Civil Aeronautics Board of Southwest's application for service into Buchanan Field.

Fred H. Anthon of Concord was elected chairman of the Aviation Committee of the Contra Costa County Development Association at a meeting held in Martinez last

night, it was announced by Iona M. Booth, General Manager. He replaces Frank P. Bell who has been chairman of the committee for the past eight years.

Plans for the Reno to Buchanan Field Air Race on Sunday, August 14, which will be sponsored by the Development Association, were submitted by W. V. Hanley and George Fawcner, members of the committee. Rules for the race were approved and are available at Buchanan Field.

## Bridal Party at W.H. Mordy Home

Mrs. W. H. Mordy of Orchard Road hosted a dinner party on Wednesday for the Crosby-Rome bridal party of 22.

Patricia Crosby is the daughter of Mr. and Mrs. Carlyle C. Crosby. Edward Rome is the son of Dr. and Mrs. Albert H. Rome. Both families are of Piedmont.

The wedding will be a garden affair at the Crosby home.

### ON VACATION

Being missed by his regular customers at the Orinda Beauty Shop, is Ralph Lestikow one of the owners. Ralph is enjoying a much needed vacation, he is touring Colorado with stops at Denver and Colorado Springs.

## Mrs. Thomas Meakin Entertains Friends

Mrs. Thomas Meakin entertained at a luncheon Thursday Mr. and Mrs. Kantz and their two daughters.

The Kantzs and one daughter, Mrs. Prescott, now live in Michigan. They had come west to visit their other daughter and sister, Mrs. E. W. Ashland and her two young sons in Piedmont. Other guests were Mr. and Mrs. G. Chester Brown.

After luncheon Mrs. H. C. Gathings and three children joined the group at the pool. The Ashland boys and the two Gathings boys had a grand time cavorting in the water and on the rubber raft.

## Ogdens Spend Six Weeks in East

Mrs. John Ogden and two sons, John and Carl, returned last week from a six weeks visit with relatives in Chicago, Freeport, and St. Paul, and at Dixie Lodge on Balsom Lake, Wisconsin. At North Shore Pines in northern Minnesota they enjoyed a family reunion of 30 members in a three day get-together. They went on to Ipswich, South Dakota, to see their grandparents old home now deeded to the city for a library. Mrs. Ogden and children were met in Spokane, Washington by Mr. Ogden. After visiting his aunt there, he drove down to the Grand Coulee Dam, through Chinook Pass and Oregon and finally over route 101 home.

## Mona Smith Celebrates Twentieth Birthday

There was a big celebration at 33 Barbara Road on Saturday, in honor of Mona Smith on her twentieth birthday. Guests arrived early and enjoyed a swim in the Oak Springs pool and then a delicious buffet supper.

Guests were Lana Bonde, Henry Irving, Barbara Whelan, Frank Lamb, Barbara Smith, Jack Granfield, Coleen Walker, Dennis Stern, Geri Wadsworth, Jack Warnecke, Earl Romak, mesdames and messrs. Douglas Maya, Pat Joyce, George Vance, Walter Steel.

## Garden Reception to Honor Newly-Weds

Mrs. H. H. Bridwell of Orchard Road, Orinda, is giving a garden reception for Mr. James Hole, Jr., and his bride the former Mrs. Arden Fage, of Lafayette, which will follow their wedding Saturday afternoon at 4 p.m. at Lafayette Community Church.

## Transfer Steps For Student-Vets

Student-veterans planning transfers to other schools and colleges for the first semester of the current academic year should make the necessary arrangements through the Veterans Administration immediately in order to simplify transfers and expedite the payment of subsistence checks, according to Robert P. Shields, San Francisco Regional Manager.

In order to enroll properly at a new school veterans should complete four important steps. They are: 1. Obtain a certificate of satisfactory progress from the institution they attended during the first semester. 2. Secure a supplemental certificate of eligibility from VA. 3. Request the VA office presently holding their records to transfer their file to the regional office having jurisdiction over the new school. 4. Notify VA of their new mailing address to avoid delays in receipt of subsistence checks.

## Bride, Groom Now 'At Home'

While Milo Neldham and his bride, the former Elna Lee Carlson of Berkeley, were honeymooning last week at the Neldham summer home at Lake Tahoe, formal announcement of their marriage at Carson City, Nevada, on July 9, brought news of their elopement to hosts of friends in the Bay Area.

The bride, a recent graduate of Berkeley High School, and the groom, a graduate of Acalanes High School, now are "at home" at 92 Hamilton Place, Oakland.

Elna Lee is the daughter of Mr. and Mrs. Ralph Edward Carlson, 1745 Lincoln St., Berkeley and Milo is the son of Mr. and Mrs. George Neldham, 304 La Espiral, Orinda.

## Arden Sage Will Marry Jim Hole

Arden Joan Sage will become the bride of James William Hole, Jr. at a 4 p.m. ceremony tomorrow at Lafayette Community Church. The Orinda home of Mr. and Mrs. H. H. Bridwell will be locale for the reception following the rites.

Miss Adrienne Sage will be her sister's maid of honor, with two young cousins, Charolyn and William Sage, acting as flower girl and ring bearer.

Robert Hole will be best man for his brother with Donald Weeks and Richard Gutierrez serving as ushers.

Arden is the daughter of Mrs. E. G. Howard of Alameda and Clayton Russell Sage of Orinda. Mr. and Mrs. James William Hole of Lafayette are the benedict-elect's parents.

Following the reception, the young couple plan to leave for a Carmel honeymoon.

## Ralph Wilsons Return From Automobile Trip

Mr. and Mrs. Ralph Wilson returned last week from one of their frequent motor jaunts. This one took them to Clear Lake where they camped one night. They enjoyed rowing on the lake and watching the ducks and leaping fish. From Clear Lake they drove to the Russian River resorts. On their return they spent a couple of delightful hours in Armstrong National Park. Another point of interest in the Sonoma Valley was Vallejo's old adobe home.

## Rod, Gun Club Installs Officers

New officers of the Diablo Rod & Gun Club were installed Thursday, July 7, in the Guild Hall of St. Paul's Episcopal Church in Walnut Creek.

Lawrence McNabb, a director in the Associated Sportsmen, installed the officers. President Neil Miller, Vice-President Jane Alto, Treasurer Bill Douglas, Secretary Vola Lindsey, Corresponding Secretary Sue Rhoads, Sargent-at-Arms Edgar Allard, Directors Howard Christensen, Ed Rhoads, and Reino Alto.

Bill Case, Secretary of District Council No. 3 of the Associated Sportsmen initiated new members. The next meeting of the club was held Thursday, July 21st, at 8:00 p.m. in the Guild Hall of St. Paul's Church.

Members enjoyed a weekend outing over July 4th at Ocean Cove Ranch. There were 31 in the group. A fishing boat was chartered by the club at Bodega Bay and eight members went salmon trolling. Ed Allard caught the largest salmon.

WITH THE ROUNDER

THE ANNUAL PUBLIC HEARING on the school budget for the coming year was held a few days ago. And as predicted, tax conscious citizens stayed away in droves. Total attendance: one lonely representative of the Taxpayers' Association.

SHERIFF LONG LAST WEEK had caught up with the rest of the Contra Costans — discovered that there were some slot machines around these parts. That is he admitted same in the Grand Jury report just released.

All of which brings up the coming race for the office of sheriff and the fact that former sheriff John Miller would probably just love to get back in office. But will back Richmond Constable Dick Richards for the job. And labor, we hear, may back Long for re-election. Seems Long has played ball with the unions and stayed out of some of the controversies created by local strikes. So even though some of the unionists aren't sold on Long as a sheriff they'll cast their vote in his direction because of what they consider past favors.

HEARD THAT THE EBMUD has been having trouble getting their young pine trees past the Xmas-tree-size stage — and blame it on the terrific number of deer running through the water company property.

Local hunters are burning under the collar this week. Seems the water company slaughtered hundreds of deer during the past few weeks — fawns, does and bucks without discrimination. The local hunters argue that if they were allowed to go after the bucks during the deer season, the EBMUD wouldn't have reason to kill off the deer allowed the hunters to hunt — there would probably be more casualties among the shooters than among the animals. And probably more shot up cows than deer.

THE ROUNDER LEARNS there are apparently two sides to that Camino Encinas building committee argument. The building committee reports that anyone (with certain exceptions) who wants to can build in their area. But they must have some sort of control over what is built. For example some of the lots in their district are pretty steep. And they don't feel it makes sense for a builder to try to hang a sprawling ranch type home on a piece of property that only a billy goat can walk around on. And they say they don't want the lot graded off to suit the stock magazine house plan that doesn't fit the contours of the land.

### ODDS AND ENDS OF ORINDANS:

Sol Wiseman and wife Doris traveled up to the Truckee River recently to get some fish. Got None. Went over to Reno. Doris latched onto a generous one armed bandit. Hit the jack pot for a hundred and fifty bucks.

That dance that Diane Trago brought back from the Islands is the Ballroom Hula — not the Hawaiian Rhumba, as the Rounder said.

Frank Dutra, the cattleman who got himself badly banged up not long ago, is up and around home again. And we're happy to know that he's recuperated nicely with none of the after affects that were expected.

THE ORINDA GARDEN CLUB, as you've probably noticed, has been having a heck of a time with their gardening project in the triangle at El Toyonal and the Orinda Highway. Nothing seems to grow very well there but weeds. And they flourish as only weeds can while the flowers go to pot and the tree planted in the middle of the space gets browner and browner.

As a rule the triangle isn't the most attractive spot in the world. But the garden club took care of all that quite nicely last Wednesday. And the traffic nearly tied itself in knots. One of the Garden Club's more attractive members, attired in attractive shorts and halter, spent most of the day pulling weeds. And making the triangle really an attraction for the first time since last Xmas when the tree was lighted up.

LAUGH OF THE WEEK happened out at The Curve in Lafayette the other day. Jay Hancock, building a home for Larry Sollars, dropped in to have a bite to eat — parked his car in front. Went out after lunch to drive away and discovered his car was gone.

A brief search, very brief, located the car — in the middle of Mt. Diablo Highway, well protected by an officer of the law.

The officer gave Jay the usual ticket and the usual "Is this where you generally park." And later in the week Jay sent his dollar fine to the judge. The charge? Illegal parking.

THE ROUNDER RECOMMENDS: The cheese and crackers and the meat balls free for you to dip into at the Willows while you sip your favorite cocktail. And the cheese and crackers at The Curve. We're going to have to find out what Ed, the Curve's bartender, puts in that cheese when he mixes it. Be great for your guests at a bar-becue.

NANCY MACOMBER, writing about an Orinda old-timer in the Sun last week, pulled the trick of the week. In less than a sentence she gave Milt Nelson the Tunnel Inn and planted it where the Willows is. And what happened to the Willows, Nancy?

And the Sun, in it's Dollar Day gift of free theater tickets, tried to present a pair to Mrs. Robert Leland of 41 La Noria. Not much wrong with tha. Except the lady in question is no longer Mrs. Robt. Leland — and she doesn't live at 41 La Noria. The SUN recently reported the fact that she has become Mrs. John Baker — and lives in Walnut Creek.

### FIFTEENTH ANNIVERSARY

Mr. and Mrs. Robert B. Muse celebrated their 15th wedding anniversary at the Mark Hopkins last week end. Enjoying the evening with them were Mr. and Mrs. Carl Olson of Lafayette, friends who stood up with them at their wedding. The Muses have an 11 year old son, Robin.

### AT CARMEL

The Will Nichelmanns enjoyed several days of surf swimming at Carmel last week.

### HOME FROM VACATION

Mr. and Mrs. Al Klement, Cresta Blanca, have just returned from their two weeks vacation at Balboa Island.
